KEYWORDS: e-Fest, competition, student entrepreneurs, Student innovators.

TOP 25 FINALISTS ANNOUNCEMENT

MINNEAPOLIS, March 27, 2020 -- It was another exciting year for e-Fest and the Schulze Entrepreneurship Challenge! Once again, our team of entrepreneurship judges pored over a crop of outstanding undergraduate student submissions from 65 colleges and universities across North America. Finalist teams received the top scores for their submitted videos as well as supporting slide "pitch" decks, with each team being reviewed by at least two independently assigned entrepreneurship judges. While this year's finals event and 3 day celebration will not be held in Minneapolis this April, we are very pleased to announce this year's Top 25 Finalist teams and recognize some brilliant ideas and the inspiring entrepreneurial efforts of this year's competitors.

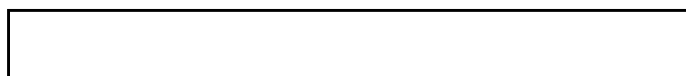

One of the greatest features of our e-Fest entrepreneurship celebration is bringing the finalist teams to Minneapolis, both to compete and as well as to network together. This year's competitors featured inventors of medical devices, technologies, apps, retail services, social ventures, and more. So inspiring! Although we are disappointed not to host the amazing 3 day finals event in Minneapolis in April at the Schulze School of Entrepreneurship, thanks to the generous support of the Richard M Schulze Family Foundation each finalist team will be awarded a \$3,000 prize and their college or university a \$1,000 grant.

This article will be updated with additional team details.
